

**Adventures in the Economy Workshop
For Teachers in Grades 4-12
Saturday, November 22, 2008
9:00 AM – 2:00 PM
EKU Campus – Perkins Building**

Is your mind spinning at the thought of teaching your students about the current state of the economy and the stock market?? Let us help! The Center for Economic Education at Eastern Kentucky University and the Kentucky Council on Economic Education are offering a new workshop that will introduce you to resources you can use to teach your students about today's economy. Also, we will focus on investing and the stock market and provide grade-appropriate resources for you to use in your classroom.

The workshop will be held in the Perkins Building on ECU's south campus in Richmond on Saturday, November 22. Lessons covered will be directly correlated to Kentucky Core Content, and questions that will be addressed include the following:

- What's happening in the economy?
- How can I teach my students about investing and about the stock market?
- How can I use the Stock Market Game in my class?

We are inviting teachers in grades 4-12 and will tailor break-out sessions to the mix of teachers who participate. If you teach a different grade and are interested in attending, please email Cynthia.Harter@eku.edu. All teachers who attend the entire workshop will learn about and gain access to resources that will help you teach about today's economy.

Every attendee will receive

- KCEE's new "Investor's Practice Track" CD-Rom
- a curriculum - "Adventures in the Stock Market" for elementary teachers and Learning, Earning and Investing (appropriate level) for middle- and high-school (curricula valued at \$15 – 27)
- 5 FREE teams for the Spring, 2009 Stock Market Game, too!

Other materials will be showcased and given away as door prizes. PD certificates will be sent to your principals after the workshop.

Although there is a refundable registration fee, the workshop is free for all teachers who register by Friday, November 14. After that, a late registration fee of \$20 will apply. See details below.
